

Southeastern Yearly Meeting (SEYM) Field Secretary for Earthcare (FSE) Report Fall Interim Business Meeting 2017

Overview

Friends, this is an update of the activities of the SEYM Field Secretary from 1 Fourth Month through mid Eighth Month 2017. It also includes a number of planned activities. One activity is to complete a report of the year's activities to be available on 7 Tenth Month 2017. Your suggestions, thoughts, and concerns are welcome. Thank you for your Light and Love.

Communication with the Anchoring Committee

Communication with the Anchoring Committee has included email contact, efforts to schedule a telephone conference call, and individual contacts with committee members.

Developing a Schedule for Meeting with Monthly Meetings (MMs), Worship Groups (WGs), and Others

As a reminder, the suggested visitation request process: "Meetings can issue invitations to the [SEYM] administrative secretary, FSE, or the Anchor Committee. We will all conference over the invitation and subsequent planning" (Phoebe Andersen, 3 Tenth Month).

A Google calendar showing requests for visitation and FSE has been created and shared with the Anchoring Committee and the Co-Clerks of the Earthcare Committee. Upcoming visits are shown below. MMs and WGs continue to express interest in visits, particularly in conjunction with annual retreats.

Yearly Meeting, 2017

I attended and participated Half Yearly Meeting, including a giving a talk on my vision as FSE and an excerpt from the SEYM vulnerability and risk white paper I am developing. This excerpt focused on the Sabal Trail Transmission pipeline, which is currently under construction. I also participated in the No-Talent Show with the Faith and No Practice Chorus.

Miami Monthly Meeting, Firstday, 4 Twelfth Month 2016

Consideration was given to a community-wide meeting coordinated with faith-based and other environmental groups in the area either on Sixthday or Seventhday, 2 or 3 Twelfth Month. Also, I suggested consideration of meeting with the offices of congressional representatives, to the extent feasible on Secondday, 5 Twelfth Month.

Unitarian-Universalists of Clearwater Open Issues Forum, Scheduled 11 Twelfth Month 2016

Clearwater Monthly Meeting, Scheduled 29 First Month 2017

Sarasota Monthly Meeting, Scheduled 26 Third Month 2017

Follow with St. Petersburg MM will continue after the Playback Theatre event, 16 First Month 2017. (See Living Mirror Playback Theatre below.)

I'm planning to provide a workshop session at Yearly Meeting. This will be in addition to planning an event with the Youth Coordinator(s). I also plan to contact Peterson Toscano during First Month 2017 to see if we can coordinate schedules to travel with Peter "...connecting with Friends in SEYM, both before and after the 2017 Gathering, to talk about how we can work together for climate justice."

Social Media

Submitted two blogs, fsEarthcare Processing, for the SEYM website. The SEYM Administrative Secretary also has created a webpage, <http://seymquakers.org/faith-in-action/field-secretary-for-earthcare/>. Currently, the page contains the blog, the job description, and other links. I am in contact with the secretary on how best to populate this page, e.g., calendars, social media, etc. I tweet @fsese secretary; FB, <fb.me/FsEarthcare>. These links are included the signature of my emails.

Qiqochat

The Qiqochat subcircle for SEYM, <http://seymquakers.qiqochat.com/>. In addition to a communication platform, this site also can be a repository of documents, e.g., white papers, presentations, etc. I am in the process of populating the circle.

Other Issues

I am working on white paper regarding vulnerable populations paper and the potential impacts of climate change for the counties and other areas of the Monthly Meetings, Worship Groups, etc., of SEYM, including Managua and Havana, where data is available. The focus has been intensified with consideration of the impacts of the Sabal Trail Pipeline Transmission. In addition to the Sabal Trail Pipeline, the potential impacts of the Florida Southeast Connection Pipeline, <http://www.floridasoutheastconnection.com/>, will be added.

Ongoing contact regarding the pipelines and related concerns has been maintained with Peter Ackerman, Lake Worth Monthly Meeting, and Panagioti Tsolkas who co-led sessions at the 2016 Yearly Meeting. Both Pete and Panagioti have been actively in actions regarding the Sabal Trail Pipeline.

Summary

Friends, I mentioned in the overview, I continue to be encouraged. The support I have received from so many of you is greatly appreciated. Continue to share your ideas, concerns, contacts, etc. But, most of all, continue to hold me in the Light!
